We demand the British Government stands up for the Palestinians now!

I/we the undersigned urge the British Government to call for an immediate end to Israeli military operations which endanger civilians in Gaza and which are effectively a collective punishment of the Palestinian people. Furthermore we believe that the British Government should inform Israel that unless it ends its campaign of violence against the civilian population then Britain will consider the contribution that a policy of boycott, divestment and sanctions could play in bringing an end to the long standing conflict between the State of Israel and Palestinians.
